EDUCATION

Indiana University Bloomington

Aug. 2023 – May 2027

B.S. Computer Science | Minors: Business, Marketing, Data Science | GPA: 3.1/4.0

Bloomington, IN

- **Honors:** 21st Century Scholar, Groups Scholars
- **Relevant Coursework:** Data Structures, Object-Oriented Software Methods, Software Engineering, Systems Programming (C/UNIX), Discrete Structures

EXPERIENCE

Web Services Coordinator

Dec. 2025 – Present

Indiana University Bloomington

Bloomington, IN

- Managed student-facing web content across **Cox, Scholarships, and Student Central**, deploying production updates through a university **CMS**, validating formatting, and testing cross-browser compatibility
- Coordinated content migrations, QA testing, and website launches by tracking tasks in **Asana** and managing workflow, data, and reporting in **Slate CRM**

Undergraduate Instructor

Aug. 2025 – Dec. 2025

Indiana University Bloomington

Bloomington, IN

- Mentored **100+ students** in introductory programming labs & lectures by teaching **Python, HTML/CSS, and core CS concepts** to technical and non-technical students
- Improved student debugging skills through structured code reviews and **1-on-1 support**, helping resolve syntax, logic, and runtime errors across programming assignments

LEADERSHIP

Vice Basileus & Keeper of Finance

Apr. 2025 – Present

Omega Psi Phi Fraternity Inc.

Bloomington, IN

- Managed chapter financial planning by tracking dues, expenses, reimbursements, and event costs for a **15+ member** organization
- Represented the chapter at **Districts**, coordinating with executive board members from other chapters while overseeing day-to-day chapter operations and organizational planning

Treasurer & Lead Project Developer

Aug. 2024 – May 2026

Society of Hispanic Professional Engineers (SHPE)

Bloomington, IN

- Managed a **\$7,000** chapter budget by tracking expenses and reimbursements while supporting financial planning for chapter activities
- Represented the chapter at the **SHPE Region 6 Conference**, engaging with industry professionals and peer chapters on behalf of the organization

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, TypeScript, SQL, HTML/CSS, C

Frameworks & Libraries: React, Next.js, Tailwind CSS, SQLAlchemy

Systems & Infrastructure: Proxmox VE, Docker, Linux Administration, Networking, Self-Hosting

Tools: Git, GitHub, Vercel, Tableau, Figma

PROJECTS

Self-Hosted Home Lab Infrastructure | *Proxmox VE, Docker, Linux, Networking*

2026 – Present

- Architected and maintain a self-hosted **Proxmox VE** server, provisioning and isolating multiple **LXC containers** for services including **Jellyfin** media streaming, a **Minecraft** game server, **Immich** photo management, and **AdGuard Home** for network-wide DNS ad-blocking
- Building a custom web application to **monitor, manage, and secure** the home lab environment, and configured **Tailscale**-based remote access with NAT networking to safely extend infrastructure access across networks

Web Development Projects | *Next.js, TypeScript, Tailwind CSS, Sanity CMS, Vercel*

2025 – Present

- **NPHC Council Website:** Shipped a production Next.js and Sanity CMS site for Indiana University's National Pan-Hellenic Council, live on **Vercel** with an integrated Resend contact form, **GitHub Actions CI**, and a Vitest/Playwright test suite, with content editable by non-technical officers
- **Small Business Website Template:** Built a config-driven quote/booking platform, deployed it for a real small-business client, then generalized it into a reusable template for future clients
